Dog River, Ontario

Fibergrate Proposal

MM/DD/YYYY

Together with our affiliate company Fibergrate, WTC is pleased to submit our proposal to install safety guards around all skylights. We extend this submission and all information contained herein for your evaluation, feedback and recommendations for further refinement.

Fibergrate Composite Structures Inc. is the leading manufacturer of fiberglass reinforced plastic (FRP) solutions for industrial and commercial use globally. In 2010, Fibergrate proudly relocated its Canadian fabrication facility to open a new state-of-the-art Design & Innovation Centre in Oshawa, Ontario, Canada. This facility combines dedicated Design Teams, a skilled Drafting Department, Project Managers, Experienced Fabricators and an extensive selection of inventory. Using industry leading equipment, Fibergrate has been able to develop custom designs & modeling Technologies as well as provide in-house fabrication services under strict quality control guidelines. Fibergrate combines proven engineering skills with an unmatched knowledge of composite material solutions to efficiently provide design and fabrication services.

We recognize the importance of delivering roof services and projects in a professional, timely, cost effective and efficient manner. We are confident that WTC's qualifications, experience of team members, and management approach will yield long term beneficial results. We plan to deliver outstanding service using quality processes, proven methodologies and a team-oriented approach.

Sincerely,

Dave Mundy
Senior Field Advisor
